- Right to Match card or simply RTM card gives a franchise an option to have a say over other franchises in picking a player that belonged to that particular franchise in the current IPL 2025.
- For example, let's say a franchise 'A' has made a final bid for a player for X amount of rupees. According to RTM card rules, the franchise that owns the player 'B' can get him for that exact amount, over the franchise that actually won the bid.
- In the case of RTM being used, the A franchisee gets the bidden amount back.
